III. TRAVEL DOCUMENTS:

For foreign citizens: Since 1st April 2013, the Republic of Croatia has been applying the European Union's Common Visa Policy. Pursuant to the Government's Decision, the Republic of Croatia applies the **Decision_No 565/2014/EU** according to which all **third-country nationals who are holders of valid Schengen documents, as well as national visas and residence permits of Bulgaria, Cyprus, and Romania do not require an additional (Croatian) visa for Croatia. Further information is available under Visas.**

The travel document, which a third-country national is using to enter Croatia, must be valid for at least another three months after the planned departure from Croatia and issued within the previous 10 years (e.g. a third-country national staying in Croatia until 26th December 2013 has to hold a passport valid at least until 27th March 2013). This does not apply to EU / EEA citizens who can enter Croatia with a passport or an identity card; both valid for the duration of stay and exit from Croatia.

More travel information at: <http://www.mvep.hr/en/consular-information/travel-information/general-information/>

IV. HEALTH INSURENCE

General health care services can be accessed by selecting a primary health care physician, whereas health care on other levels (e.g. hospital, specialist examinations) can be accessed by way of a reference document (uputnica) issued by the selected physician.

Emergency: **Call 112**

You are an EU citizen

During their stay in Croatia, the EU citizens obtain healthcare in compliance with the provisions of the EU Regulation on the coordination of social security systems and in compliance with the provisions of the Directive 2011/24/EU.

Entire healthcare is provided to them in compliance with Croatian legislation, in accordance with quality and safety standards in Croatia.

For the planned treatment on the territory of Croatia, the insured persons from the EU must have a special authorization from their competent health insurance provider. When the authorization is granted based on the EU Regulation on the coordination of social security systems, the treatment is provided based on the form E112 or certificate S2, in contractual health institutions in Croatia.

In that case, the EU insured persons pay only the co-payment cost.

If they do not have this certificate, the EU insured persons must personally settle all costs of the planned treatment.

In case when the EU insured persons are treated by a private health services provider, all costs are settled by them personally. Depending on the type of provided health services and on the legislation of individual member state, and in compliance with the provisions of the Directive 2011/24/EU, they have to contact their competent insurance provider for the costs reimbursement.

Emergency care in the EU is all necessary healthcare that must be provided to an insured person, so that the person does not have to return for the treatment to the state of insurance before than planned.

Emergency care in the EU: <http://www.hzzo.hr/en/nacionalna-kontaktna-tocka-ncp/english-emergency-care-in-the-eu/>

Planned care in the European Union: <http://www.hzzo.hr/nacionalna-kontaktna-tocka-ncp/en-planned-care-in-the-european-union-2/>

1. EU students

Health care services are accessed with a valid European Health Insurance card.

EHIC card: <http://www.hzzo.hr/en/ehic-card/>

2. Non-EU students

Non-EU students must be fully insured against illness, accidents, death and civil liability for the whole duration of the stay in Croatia. Regulated health insurance is the prerequisite for being granted temporary residence permit.

Countries with health care agreements with Croatia

The issue of health care for foreign non-EU nationals during their stay in Croatia through the signed agreements on social security is regulated with some countries. Students should contact their public health insurance provider prior arrival to Croatia in order to check if there is an agreement on social security signed with Croatia. If there is, students will obtain the certificate that enables them to receive health care in Croatia. Upon arrival in Vukovar, a student should replace the certificate of healthcare entitlements with the patient's certificate (in Croatian: bolesnički list) at the Croatian Institute for Health Insurance (HZZO - Hrvatski zavod za zdravstveno osiguranje). On presentation of the patient's

certificate, a student may obtain healthcare services from any doctor or health institution that has a contract with the HZZO within the scope established by bilateral agreement, but he / she is required to pay participation fee if that is foreseen for people insured in Croatia.

Countries without health care agreements with Croatia

Students from countries which do not have social security agreements with Croatia (or if students are unable to obtain the document foreseen by the social security agreement) are obliged to become insured with the Croatian Institute for Health Insurance (HZZO). Following steps are needed:

- upon arrival in Vukovar present all necessary documents to the Central Police Station and get the OIB number;
- with OIB number go to HZZO that will register the student in temporary evidence and issue relevant confirmation which entitles student and binds the HZZO to medical insurance after the residence regulation;
- with the HZZO temporary confirmation, a student returns to Central Police Station where the temporary residence permit is issued;
- after bringing a copy of the residence confirmation to the HZZO, the HZZO issues a document based on which the student attains the right to full health care within the network of physicians and health institutions of the HZZO (necessary documents: a copy of the first page of the passport, a copy of the passport page with visa and a copy of the residence confirmation);
- the monthly health insurance cost is approximately 400 HRK per month (around 55 Euro), for which the appropriate Tax Department of the Ministry of Finances sends money orders to the students' registered place of residence in Croatia.

There is also an insurance option through insurance companies within the travel and health insurance that the student can provide and thus be insured and reimbursed in accordance with the insurance contract.

IMPORTANT – be aware that:

- **The health insurance are mandatory for Erasmus+ mobility for study**
- **The health and accident insurance and liability insurance (damages) are mandatory for Erasmus+ mobility for training (practice).**
